

Dear Hiring Manager,

I am writing to express my interest in the Frontend position at your company. I recently came across the job opening and was immediately drawn to the opportunity to work as a frontend developer in a dynamic and innovative company like yours.

With a strong passion for frontend development, I have been actively working on improving my skills in HTML, CSS, JavaScript, React, Spring Boot, and Git. I am constantly seeking opportunities to gain more experience in this field and further enhance my expertise.

I have a strong technical proficiency in languages like JavaScript, HTML, CSS, and Java, along with experience working with frameworks such as React.js, Redux, Bootstrap, and Spring Boot. I am also familiar with web services like RESTful and databases like MySQL. My experience with various IDE tools like Visual Studio Code, IntelliJ, Jira, MobaXterm, and WinSCP along with version control tools like Git and testing tools like Postman and GUI make me well-equipped for the role.

In my previous role at Capgemini, where I worked as an Associate-I Software Engineer, I was involved in a React.js and Spring Boot based web application for the client Nokia. I successfully collaborated with the product owner, solved bugs, upgraded interfaces, and improved performance. I also delivered and implemented projects as per scheduled milestones, while always staying updated on new functionalities. My ability to review and debug code, provide fixes and workarounds, and document updates and bugs proved to be valuable assets to the team.

I have completed my B.Tech in Computer Science with a CGPA of 8.73 from Institute of Engineering & Management, Kolkata. Additionally, I have a certification in Java training and a Capgemini Coursera certificate for DBMS. Moreover, I am fluent in languages like Bengali, English, and Hindi.

I am excited about the opportunity to contribute my skills and knowledge to your team and help drive the frontend development of your projects. I believe my technical proficiency, problem-solving abilities, and dedication make me a strong candidate for this position.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your team.

Sincerely,
Akash Adhikary
